

Dear parents

As you know we currently have our third Eco School flag and we have been working towards our final (Platinum) Eco flag. The Date of our assessment is the 30th of June. To celebrate we are going to make this our annual Eco 'Go Green' day. That day, we will all be taking part in Eco activities. We would also ask you to wear green, blue, a costume made from recycled materials or anything made by Fairtrade. Can you also make a huge effort to bring in a waste free lunch please with as little packaging as possible? It would also be fantastic if you walk, cycle or scooter to school that day.

Thank you for your continued help with all things Eco!

Yours sincerely

Bryn Deri Eco Committee
